

Hartford Manor Pupil Premium Allocation 2014-2015

Pupil Premium was introduced in April 2011 with a clear message from the government, that schools had the freedom to choose how to spend the funds but they would be held accountable for its impact. Pupil Premium is allocated to schools to narrow the gap between disadvantaged children and their peers. For further details please visit the [Department for Education](#)

Hartford Manor received an allocation of **£39,249** for **2012-2013**, **£45,000** for **2013-2014** and currently receives **£77,200** for **2014-15**.

The table below outlines how Hartford Manor uses funds to narrow the gap between pupils who are entitled to pupil premium and their peers.

*please note that we currently spend 14% over the allocated budget on pupil premium interventions. This is to allow non-premium children to access group and individual interventions.

Impact

Our Ofsted report in March 2013 stated:

“Pupils who are, or have been eligible for pupil premium funding, have narrowed the gap in terms of their achievement in relation to other pupils, especially in reading and mathematics. In 2012, this group of pupils met national rates of progress in English and exceeded them for mathematics.”

“Pupil premium funding is well used to target vulnerable groups who are reaping the benefits of additional support for their learning.”

Results 2014 pupil attainment

The table below shows that year on year, we have narrowed the gap between pupil premium (Disadvantaged) and other pupils in Key Stage 1.

Average point scores by disadvantaged pupils
